EXPERIENCE

Web Developer

Aug 2024 - Present

I created a web page and my portfolio using HTML and CSS and also currently learning CSS and JavaScript and practices more and more things any webpage or anything i see i will try to make it through what i have learnt in these days.

TheACE

Student Ambassador

Aug 2024 - Aug 2024

As a Student Ambassador for TheAce, a cutting-edge blockchain platform, I have had the opportunity to blend my passion for technology with my enthusiasm for community engagement. Connect with student organizations, faculty, and tech enthusiasts to build a supportive network for TheAce. I act as a bridge between TheAce and the academic community, fostering collaboration and support.
